What is Family Voices Wrap Around?

Family Voices, known nationally as the Wrap Around process, is uniquely Tulalip and geared towards the success of Tulalip community members.

During the Family Voices process you will work one-on-one with a facilitator as well as a team of your choice. Your facilitator is someone who advocates for you and makes sure your voice is heard throughout the process.

Your team will support you as you think about what you like and don't like in your life and

what you want to be better. Every team will look different for every person and could include counselors, advocates, liaisons, teachers, social workers, as well as natural supports, including family and friends.

The team will come together regularly and assist in developing an action plan to achieve YOUR goals. This process will build on your strengths and encourage you to succeed in making positive life choices.

What does it mean to be referred to the Family Voices process?

- someone cares about you
- someone wants to see you succeed in school, at home, and throughout your life
- it's a way to get YOUR voice heard
- it helps you achieve your goals
- collaborate with a team of your choice
- you can be in Family Voices as long as you would like

You may be thinking, "Another program I'm Expected to participate in?!"

It's not just another program that tells you what to do. Instead we help guide you through your goals!
