

Business Transfer (DTA)

GENERAL INFORMATION

Students interested in earning a Bachelor's degree in finance, accounting, business administration, marketing, or management can complete the first half of a university program by completing this degree. This degree also satisfies general undergraduate requirements for a major in economics whether through a university school of arts and sciences or business. This degree meets statewide guidelines for transfer to the following Washington state colleges and universities subject to exceptions and qualifications outlined in this guide: Central Washington University, Eastern Washington University, University of Washington, Washington State University, Western Washington University, Gonzaga University, Heritage University, Pacific Lutheran University, Saint Martin's University, Seattle Pacific University, Seattle University, Walla Walla University, and Whitworth University.

SUGGESTED PREPARATION

Strong skills in writing and mathematics are helpful, since college-level writing skills are prerequisite for many of the courses. Intermediate algebra is a prerequisite for the program. Students will be expected to complete a one-quarter business calculus course or equivalent. Business students must also have computer skills in word processing and spreadsheet programs.

PROGRAM ADVISING

Students should contact the Enrollment Services Office in Park Student Union, Room 201 if they have general questions about applying to the college for admissions, and orientation and registration for new and continuing students, (425) 388-9219, admissions@everettcc.edu.

Specific business program advising should be conducted only with a business, accounting, or economics faculty member listed below (425 area code).

Everett Community College academic advisors cannot advise students regarding the content of courses at other institutions and completion of an EvCC business DTA is not a guarantee that a student has met the entrance requirements of a given university business school, or that the student will be admitted to that school if they have. *Consequently, students need to consult the institutional catalog and transfer guide for the business school they plan to attend and consult with an advisor at that university if they have any questions about degree majors, course, GPA, or entrance requirements.* (University transfer guides and contact information for advisors are generally available at university websites.)

PROGRAM OUTCOMES

1. Describe the multiple contexts of business--social, cultural, economic and legal--within a sustainable domestic and global environment.
2. Evaluate and process quantitative and symbolic data.
3. Define how elements of the legal environment impact business.
4. Demonstrate the ability to effectively plan and to communicate orally and in writing.
5. Apply appropriate technology and frameworks to input, manage, and interpret business information.
6. Record transactions and prepare financial statements for a business entity.

SUGGESTED SEQUENCE OF COURSES

This sequence assumes you are ready to enroll in ENGL& 101 and MATH 138. It also assumes that you are starting Fall Quarter as a full-time student. In the first year, the focus is on completing the math and English requirements while delaying to the second year the completion of accounting and economics courses. If preparatory math and/or English courses are necessary, they should receive first priority.

This sequence of courses is representative only. It is not intended to depict the course requirements for any specific four-year school of business.

1st Quarter, Fall	Cr	2nd Quarter, Winter	Cr.	3rd Quarter, Spring	Cr.
ENGL& 101	5	ENGL& 102	5	Humanities or BUS& 201	5
BUS& 101 (recommended social science or elective)	5	CMST& 220	5	MATH& 148 or &151 (or higher)	5
Social Science or Humanities	5	Quantitative Skills (MATH 138 or &141 or &142 or &144 or &148 or &151 or higher)	5	Natural Science (lab, Part A list)	5
4th Quarter, Fall	Cr.	5th Quarter, Winter	Cr.	6th Quarter, Spring	Cr.
ACCT& 201	5	ACCT& 202	5	ACCT& 203	5
MATH& 146 or Humanities	5	ECON& 201	5	Humanities or MATH& 146	5
ECON& 202	5	BUS& 201 or Humanities	5	Natural Science (biological, earth, or physical sciences, Part B list)	5

A diversity course is required as a condition of graduation. Many students take ENGL& 101D or 102D to satisfy this requirement, but other "D" designated sections are listed under Social Science and Humanities distribution lists from the Associate of Arts and Sciences DTA degree.

Associate in Business – DTA/MRP

The **Associate in Business – DTA Major Related Program (MRP)** checklist is intended for transfer students with an interest in transferring with junior standing into a college of business at a Washington State university. It should be maintained by the student while at Everett Community College. The quarter before expected completion, this checklist should be reviewed by a business advisor and submitted by the student, with a diploma application, to the Enrollment Services Office. This checklist refers to requirements listed in the curriculum guide titled “Associate in Arts and Sciences DTA ,” which lists all the courses which are approved for the various categories of requirements. A cumulative GPA of 2.0 and 90 credit hours are required to earn the DTA degree at EvCC. *However, admissions is competitive and a much higher GPA may be required to be accepted at a university business school.* Completion of EvCC honors courses or the Honors Program may have no bearing on university business school admissions decisions.
